University library supports developing e-courses

e-literature service

Senka Tomljanović, University Library Rijeka

senka.tomljanovic@svkri.hr

Framework

- University of Rijeka Strategy
  - 50% of study programs at the University will use e-learning tools (by 2013)

- University of Rijeka E-learning Strategy
  - Teaching materials on each course's website
  - Integration with the library management system
  - Repository of digital resources at both levels, the university and faculty.

Framework (2)

- Action plan for implementing E-learning Strategy
  - Establishing University E-learning Centre (cooperation with University Library)
- Strategy of University of Rijeka Library System (in development)
  - Building e-learning resource collection
  - Required readings available trough the University OPAC, connected with the course web site
  - Other standard library electronic services

Designing an e-course with library support

University
Library
Rijeka

Design the course web site – library part

1. **List of required course readings (links to the university electronic collection provided trough library OPAC)**

   – Free on the Internet

   – Licensed e-resources

   – Digitized printed resources

   – Mediated electronic document delivery (copyrighted materials)

Design the course web site – library part (2)

2. List of suggested supplemental readings (links provided by the library)

3. Link to the library OPAC / library web site for self-guided user research

4. Link to the Electronic reference service ("Ask a Librarian...")

5. Link to the Online user training course on electronic library services

Library activities and stakeholders

ACTIVITY	STAKEHOLDER		
	COURSE ORGANIZER	UNIVERSITY E-LEARNING CENTRE	UNIVERSITY LIBRARY SYSTEM
PLANNING, COORDINATING, PROMOTING, EVALUATING	**Representative**	**Central team**	**Librarian-coordinator, library subject specialist**
Building e-resource collection – selection, acquisition, digitization, storing			**Professional library staff, qualified specialist staff,**
Cataloging - linking			**Professional library staff**
Mediated document delivery			**Professional library staff**
Ask a Librarian ...			**Professional library staff**
Online training course on electronic library services			**Professional library staff**

Library support - requirements

- Facilities
  - software
  - hardware

- Personnel
  - continuing education
  - professional education
  - participation in professional and staff organizations

- Finances
  - Continuing financial support
  - Library support should be funded separately rather than drawn from library's regular funding
